

Landmark Plastic Corporation adds Platzer to its Sales Force

Akron, OH - January 2006 - Landmark Plastic Corporation, a leading manufacturer of thermoformed and injection molded horticulture products, announced that Jason Platzer has joined the company as the Southeast Regional Sales Manager.

Platzer has spent the his entire career in the horticulture industry, most recently serving as Florida Sales Manager for Fafard, Inc., Apopka, FL and prior to that as Senior Program Instructor for Walt Disney World Company in Orlando, FL.

Platzer has been selling and managing distributor relationships for the past five years with Fafard in Florida and Georgia. In addition to his sales responsibilities he also oversaw the advertising, trade show and marketing functions for local market visibility. While with the Walt Disney Company Platzer developed and instructed horticulture and home gardening programs for the Disney Institute. He is active in the Florida Nursery Growers and Landscape Association (FNGLA), currently Action Chapter Vice President and is the incoming Chapter President. Platzer will be responsible for all Landmark product sales in the Southeast Region, including the state of Florida, the Gulf Coast regions of Georgia, Alabama and Mississippi and the Caribbean.

According to Dan Collins, Landmark's Vice President of Sales and Marketing, "Jason's experience and horticulture background brings instant credibility to Landmark in the Southeast Region. He is an outstanding addition to our team."

Platzer is a graduate of Pennsylvania State University in State College, PA. and is based in Orlando, FL.

Landmark Plastic Corporation is a leading manufacturer involved in the design, manufacturing and distribution of thermoformed and injection molded plant packaging products, from trays, packs and flats to hanging baskets and decorative pots. Landmark Plastic Corporation has manufacturing, warehousing and distribution facilities located in its 200,000 square foot state-of-the-art headquarters in Akron, Ohio. From this facility, Landmark has a North American distribution footprint and serves international customers in Asia, South America and Europe.

Landmark has everything under one roof that customers need to move from concept to finished product. These capabilities include advanced materials testing procedures, computer automated design, extrusion, thermoforming and injection molding capability and a quality control program that involves the entire organization. Certified to ISO 9001:2000, with Design, Landmark's products are distributed throughout North America and locations around the world.
