

## LANDMARK PLASTIC ADDS TRETTIEN AND VANDENBERG TO SALES TEAM

Akron, OH – December 14, 2005 – Landmark Plastic Corporation, a leading manufacturer of thermoformed and injection molded horticultural products, announced that Warren Trettien and Tracey Vandenberg have joined the Company as Regional Sales Managers.

Trettien has spent over 25 years in the greenhouse industry, most recently serving as a Sales Account executive for Shemin Nurseries in White Marsh, Maryland. Trettien will be responsible for Landmark product sales to customers in the Northeast, Mid Atlantic and Eastern Canada markets.

Vandenberg has spent the past five years in horticulture sales, most recently as a Territory Manager for J. G. Smith & Company / BFG Supply, Batavia, IL. With Landmark, Vandenberg will be responsible for sales activities in the Great Lakes region.

According to Dan Collins, Vice President Sales & Marketing, “Both Warren and Tracey bring a strong background in sales of horticulture product lines and they have first hand knowledge of the key growers in their respective markets. Warren and Tracey will play important roles in expanding Landmark’s position in these key floriculture regions.”

Jerry Stethem, Landmark’s President & COO, noted that “The Landmark sales team has been strengthened by the addition of Warren and Tracey, two world class sales professionals.”

Trettien is a graduate of Florida Atlantic University and will be based in Catonsville, MD, while Vandenberg, a graduate of Southwest Missouri State University, will be based in the Chicago, IL area. Mr. Collins added, “Warren and Tracey’s industry experience will prove to be a true asset to both Landmark and our valued distributor partners.”

Landmark Plastic Corporation is a leading manufacturer involved in the design, manufacturing and distribution of thermoformed and injection molded plant packaging products, from trays, packs and flats to hanging baskets and decorative pots. Landmark Plastic Corporation has manufacturing, warehousing and distribution facilities located in its 200,000 square foot state-of-the-art headquarters in Akron, Ohio. From this facility, Landmark has a North American distribution footprint and serves international customers in Asia, South America and Europe.

Landmark has everything under one roof that customers need to move from concept to finished product. These capabilities include advanced materials testing procedures, computer automated design, extrusion, thermoforming and injection molding capability and a quality control program that involves the entire organization. Certified to ISO 9001:2000, with Design, Landmark's products are distributed throughout North America and locations around the world.
