

PRESS RELEASE – FOR IMMEDIATE DISTRIBUTION

LANDMARK PLASTIC ADDS DeSANTIS AS NATIONAL DISTRIBUTOR SALES MANAGER

Akron, OH – November 8, 2005 – Landmark Plastic Corporation, a leading manufacturer of thermoformed and injection molded horticultural products, announced that Ferdinand DeSantis has joined the company as National Distributor Sales Manager. DeSantis has spent over 16 years in Sales and Sales Management in the horticulture industry, most recently serving as Territory Manager for Smithers-Oasis North America. In this newly created position DeSantis will be responsible for directing sales and marketing activities for Landmark’s distribution customers and will report to Dan Collins, Vice President Sales & Marketing.

According to Mr. Collins, “Fred brings to Landmark a strong background in sales and sales management. He has been responsible for developing market opportunities for new products as well as maintaining key accounts and distributors across much of the United States and Caribbean. As a member of the Board of Directors for the Florida Nursery and Grower Association, Fred has worked closely with many of the largest growers and allied trade organizations in the Southeast.”

Jerry Stethem, Landmark’s President & COO, notes that “Fred DeSantis is a key addition as we build a world class sales team within an already fundamentally strong organization.”

DeSantis is a graduate of Kent State University and will be headquartered in Thompson’s Station, TN just south of Nashville. Mr. Collins added, “Fred brings industry knowledge, horticulture market insight, and additional sales leadership to our customers and our sales team.”

Landmark Plastic Corporation is a leading manufacturer involved in the design, manufacturing and distribution of thermoformed and injection molded plant packaging products, from trays, packs and flats to hanging baskets and decorative pots. Landmark Plastic Corporation has manufacturing, warehousing and distribution facilities located in its 200,000 square foot state-of-the-art headquarters in Akron, Ohio. From this facility, Landmark has a North American distribution footprint and serves international customers in Asia, South America and Europe.

Landmark has everything under one roof that customers need to move from concept to finished product. These capabilities include advanced materials testing procedures, computer automated design, extrusion, thermoforming and injection molding capability and a quality control program that involves the entire organization.

Certified to ISO 9001:2000, with Design, Landmark's products are distributed throughout North America and locations around the world.
