LANDMARK PLASTIC™

Hello!

We hope you enjoy browsing our Product Catalog. We offer a full line of container products from propagation to patio. If you have any questions, please don't hesitate to reach out. You can also check out our website, www.landmarkplastic.com.

As we've been in business for a few decades, we've learned how to simplify how we operate— so we made it our motto, "We make containers, not chaos."

PROPAGATION TRAYS

Our diverse line of high-quality plug trays, plug sheets and seedling trays represent true innovation. Precision-manufactured for trouble-free use in seedling and transplanting equipment.

- **Continuous plug trays are available**
- **Plug sheets are ideal for perennial and liner production**
- **Seedling trays have root channels and step-bottom drainage, ideal for deciduous and evergreen ornamentals (select items)**

TRAYS & PACKS

Landmark manufactures one of the most extensive lines of trays and packs in the industry, with 12 different and easy to use outside trim dimensions.

- **Made of high-quality plastic resins for easy de-nesting**
- **Precision perforation between packs**
- **Specifically designed to accommodate automation equipment**
- **Ideal for filling, growing and transporting**

Note: Pack measurements are width by length

Compatible with 500 and 1000 series packs

TR12NXD
Compatible with 1200 series packs

TR18IXD
Compatible with 1800 series packs, individual cells

LANDSCAPE TRAYS

Designed with features that capture sales among both landscapers and consumers.

- One-piece construction for single variety plants
- Made from high-quality, tear-resistant materials
- Water channels for even flow to all cells
- Available in solid or co-extruded colors

SQUARE POT & TRAY SYSTEMS

Our thermoformed square pots and trays are an economical, easy-to-use growing system for virtually any crop.

- **Wide selection to meet your marketing and retail needs**
- **Easily accommodates automation equipment**
- **Precision-formed pots with uniform drainage**
- **Multiple tray configurations for easy handling and maximum space on carts and shelves**

CO-EXTRUDED THERMOFORMED POTS

Protect your roots with our co-extruded thermoformed round pots.

- **Bi-level drainage promotes air pruning and discourages root circling**
- **Large surface area for labeling and printing**
- **In-rim tag slots available on most items**
- **Ideal for use in automation equipment**
- **Available in solid or co-extruded colors**

TRANSPORT TRAYS

Our transport trays are designed for easy filling, growing, transporting and retail sales.

- **Durable, tear-resistant materials available on most sizes**
- **Bottom drainage and easy fingertip extraction**
- **De-nesting notches for automation equipment (selected items)**
- **Compatible with Landmark's injection molded and thermoformed pots**
- **Available in a wide array of sizes to meet all your marketing and retailing needs**

HANGING BASKETS

Created for both growers and consumers. Patented reservoir and Maxi-Mizer® drainage system for saucerless baskets allows water to flow through, yet provides a reservoir at the bottom.

- **Available with smooth bowls, fluted sides or swirled sides**
- **Sturdy baskets come with or without a saucer**
- **Works with plastic or wire hangers to meet the growers' needs**

WATER CONSERVATION

Landmark is an industry leader in the research and development of water conservation products for horticulture. It's just one more way we help solve growers' everyday challenges.

- **Helps growers save water, fertilizer and time**
- **Organizes crops to maximize growing space and air circulation**
- **Elevated overflow drains remove excess water while creating a reservoir for proper water and fertilizer uptake**

Please note: when ordering water collectors, please refer to pot placements per sheet.

BRANDING

We make it easy to get your product noticed by consumers with our branding, printing and labeling expertise. Choose from our wide variety of standard and custom colors, or let us match your specific color requirements – to reinforce your brand and provide instant product identification among both growers and consumers.

MINIMUMS	AMOUNT
COLOR	6 Bulk Boxes or 3 Pallets
BRANDING / PRINTING	6 Bulk Boxes or 3 Pallets
LABELING	2 Bulk Boxes or 1 Pallet

- Differentiate your plants by price or variety
- Enhance your POP displays
- Add seasonal recognition (pastels for spring, warm colors for fall)

Our high-quality on-pot printing and labeling options also make a splash at retail. Add your company logo and tagline to pots. Include a printed message right on the pot or its handle. Or add your contact information, website, growing instructions – just about anything you want to include.

Note: Minimum quantities may apply

CAPABILITIES

We want to hear your thoughts on how we can assist you and your fellow professional growers. Chances are, you have a great idea that we haven't thought of yet. Also, we can help if you have a need for a specific product or product enhancement. We have the ability and experience to take your ideas from concept to production. Our engineers and research and development team create CAD product designs and full CNC / CAM mills for manufacturing.

- In-house design, prototyping, sampling and testing
- 3 CAD stations
- 3D and G-code capabilities
- Project management, including offshore program management
- Fast turnaround – from to design to production in several weeks
- Intellectual property experience

Our tooling department includes:

- CNC lathes
- CNC and CAM mills
- Surface and OD/ID grinders
- Bench and fitting
